Mr. Jack Ross
Executive Director, Legislative Services Agency
100 West Washington Street
Indianapolis, IN 46204

Dear Mr. Ross:

Effective July 1, 2007, the Indiana Department of Transportation (INDOT) is required by Section 9 of P.L. 203-2007 to submit to the Legislative Council an annual report of any activities to develop, finance or operate a passenger or freight railroad system through a public-private partnership.

I write on behalf of Commissioner Karl Browning to report that INDOT has not engaged in activities in Fiscal Year 2008 to develop, finance or operate a passenger or freight railroad through a public-private partnership. Please feel free to call me at 233-3601 if you have any questions.

Sincerely,
